FOR YOU

Never miss a call. Never take a bad one.

A personal assistant on your own line. It picks up when you cannot, screens the rest, and sends you the summary.

WHAT IT DOES

- ✓ **Picks up when you cannot,** day, night and weekend.
- ✓ **Screens and takes messages,** so only the calls that matter reach you.
- ✓ **Emails you a summary** the moment the call ends.

WHAT IT COSTS

FOR YOU

Personal AI Assistant

$50/month

$500 one-time setup

Answers your personal line when you cannot

Screens calls, takes messages, sends you the summary

Same care, same builder

Call minutes are billed by the minute. Mark sends an estimate based on your call volume.

HOW IT WORKS

1

Tell us about your business.
Scan the code or call the demo line. Mark replies within one business day.

2

Mark builds it and you hear it first.
Your hours, services and handoff rules go in. You test it before any customer does.

3

Live within days, on your number.
Calls forward to the agent. Nothing changes for your callers except that someone picks up.
